

Industry Partnership Program

Working Together to Envision Your Future with the Nebraska Speech-Language-Hearing Association

The **Nebraska Speech-Language-Hearing Association** is pleased to invite you to participate in our Partner Program. Your support and sponsorships help the association provide education, information and services to our members.

The **Nebraska Speech-Language-Hearing Association** Partner Program offers a selection of ways to place your services or products in front of audiologists and speech-language pathologists. We have four levels of sponsorship available: Platinum, Gold, Silver and Bronze.

As a **Nebraska Speech-Language-Hearing Association** Partner, you'll have the unique opportunity to participate in our well-attended events. We've developed four partner levels with different pricing and benefit packages, so you can choose the level of support that best fits your budget and business objectives. All four packages provide a networking opportunity within the audiology and speech-language pathology community that you won't find anywhere else. Each gives you the opportunity for a significant return on your investment.

Investing in the **Nebraska Speech-Language-Hearing Association** Partner Program is investing in your business. It's the most cost-efficient way to reach a large group of speech-language-hearing decision makers – one that's proven again and again that they support the vendors who support our association.

Join us in this exciting program and discover how powerful this partnership can be. Diamond Level – Customized Partnership Support options are available, including overall event sponsorships that offer an opportunity for the sponsor to make a presentation to meeting attendees. Contact the **Nebraska Speech-Language-Hearing Association** office to discuss event sponsorship opportunities.
